

CUSTOM BALING....where should you go?

To Knowles Produce & Trading!!

We offer Custom Big Square Baling with the latest technology:

Harvest Tec automatic preservative applicators that sense moisture & tons/hour to automatically apply the correct amount. Best of all, it *will not* over apply, or worse yet, *under* apply! Featuring the special Thirty-Plus preservative from CASEIH.

Custom baling available with packer cutter, roto cutter, or bale without cutting.
Call TOM to schedule

Stop & Talk to us about Haying

Stop in or call us for all your hay equipment needs as well as for twine and preservative.

Find more Information on preservative and baling on the "CUSTOM BALING and Hay Preservatives" Specials page.
